

REHABILITATION PRACTICE AND SCIENCE

Call for Submissions

Join the RPS Community and Shape the Future of Research!

Do you have groundbreaking research waiting to be shared with the world? Submit your manuscript now to *Rehabilitation Practice and Science (RPS)* - the official journal of the Taiwan Academy of Physical Medicine and Rehabilitation.

Why Choose RPS?

- Established since 1973, RPS has a rich history of publishing high-quality research in the field of physical medicine and rehabilitation.
- We've gone international! RPS now publishes all articles in English to reach researchers worldwide.
- Open-access, peer-reviewed articles ensure maximum visibility and impact for your research.

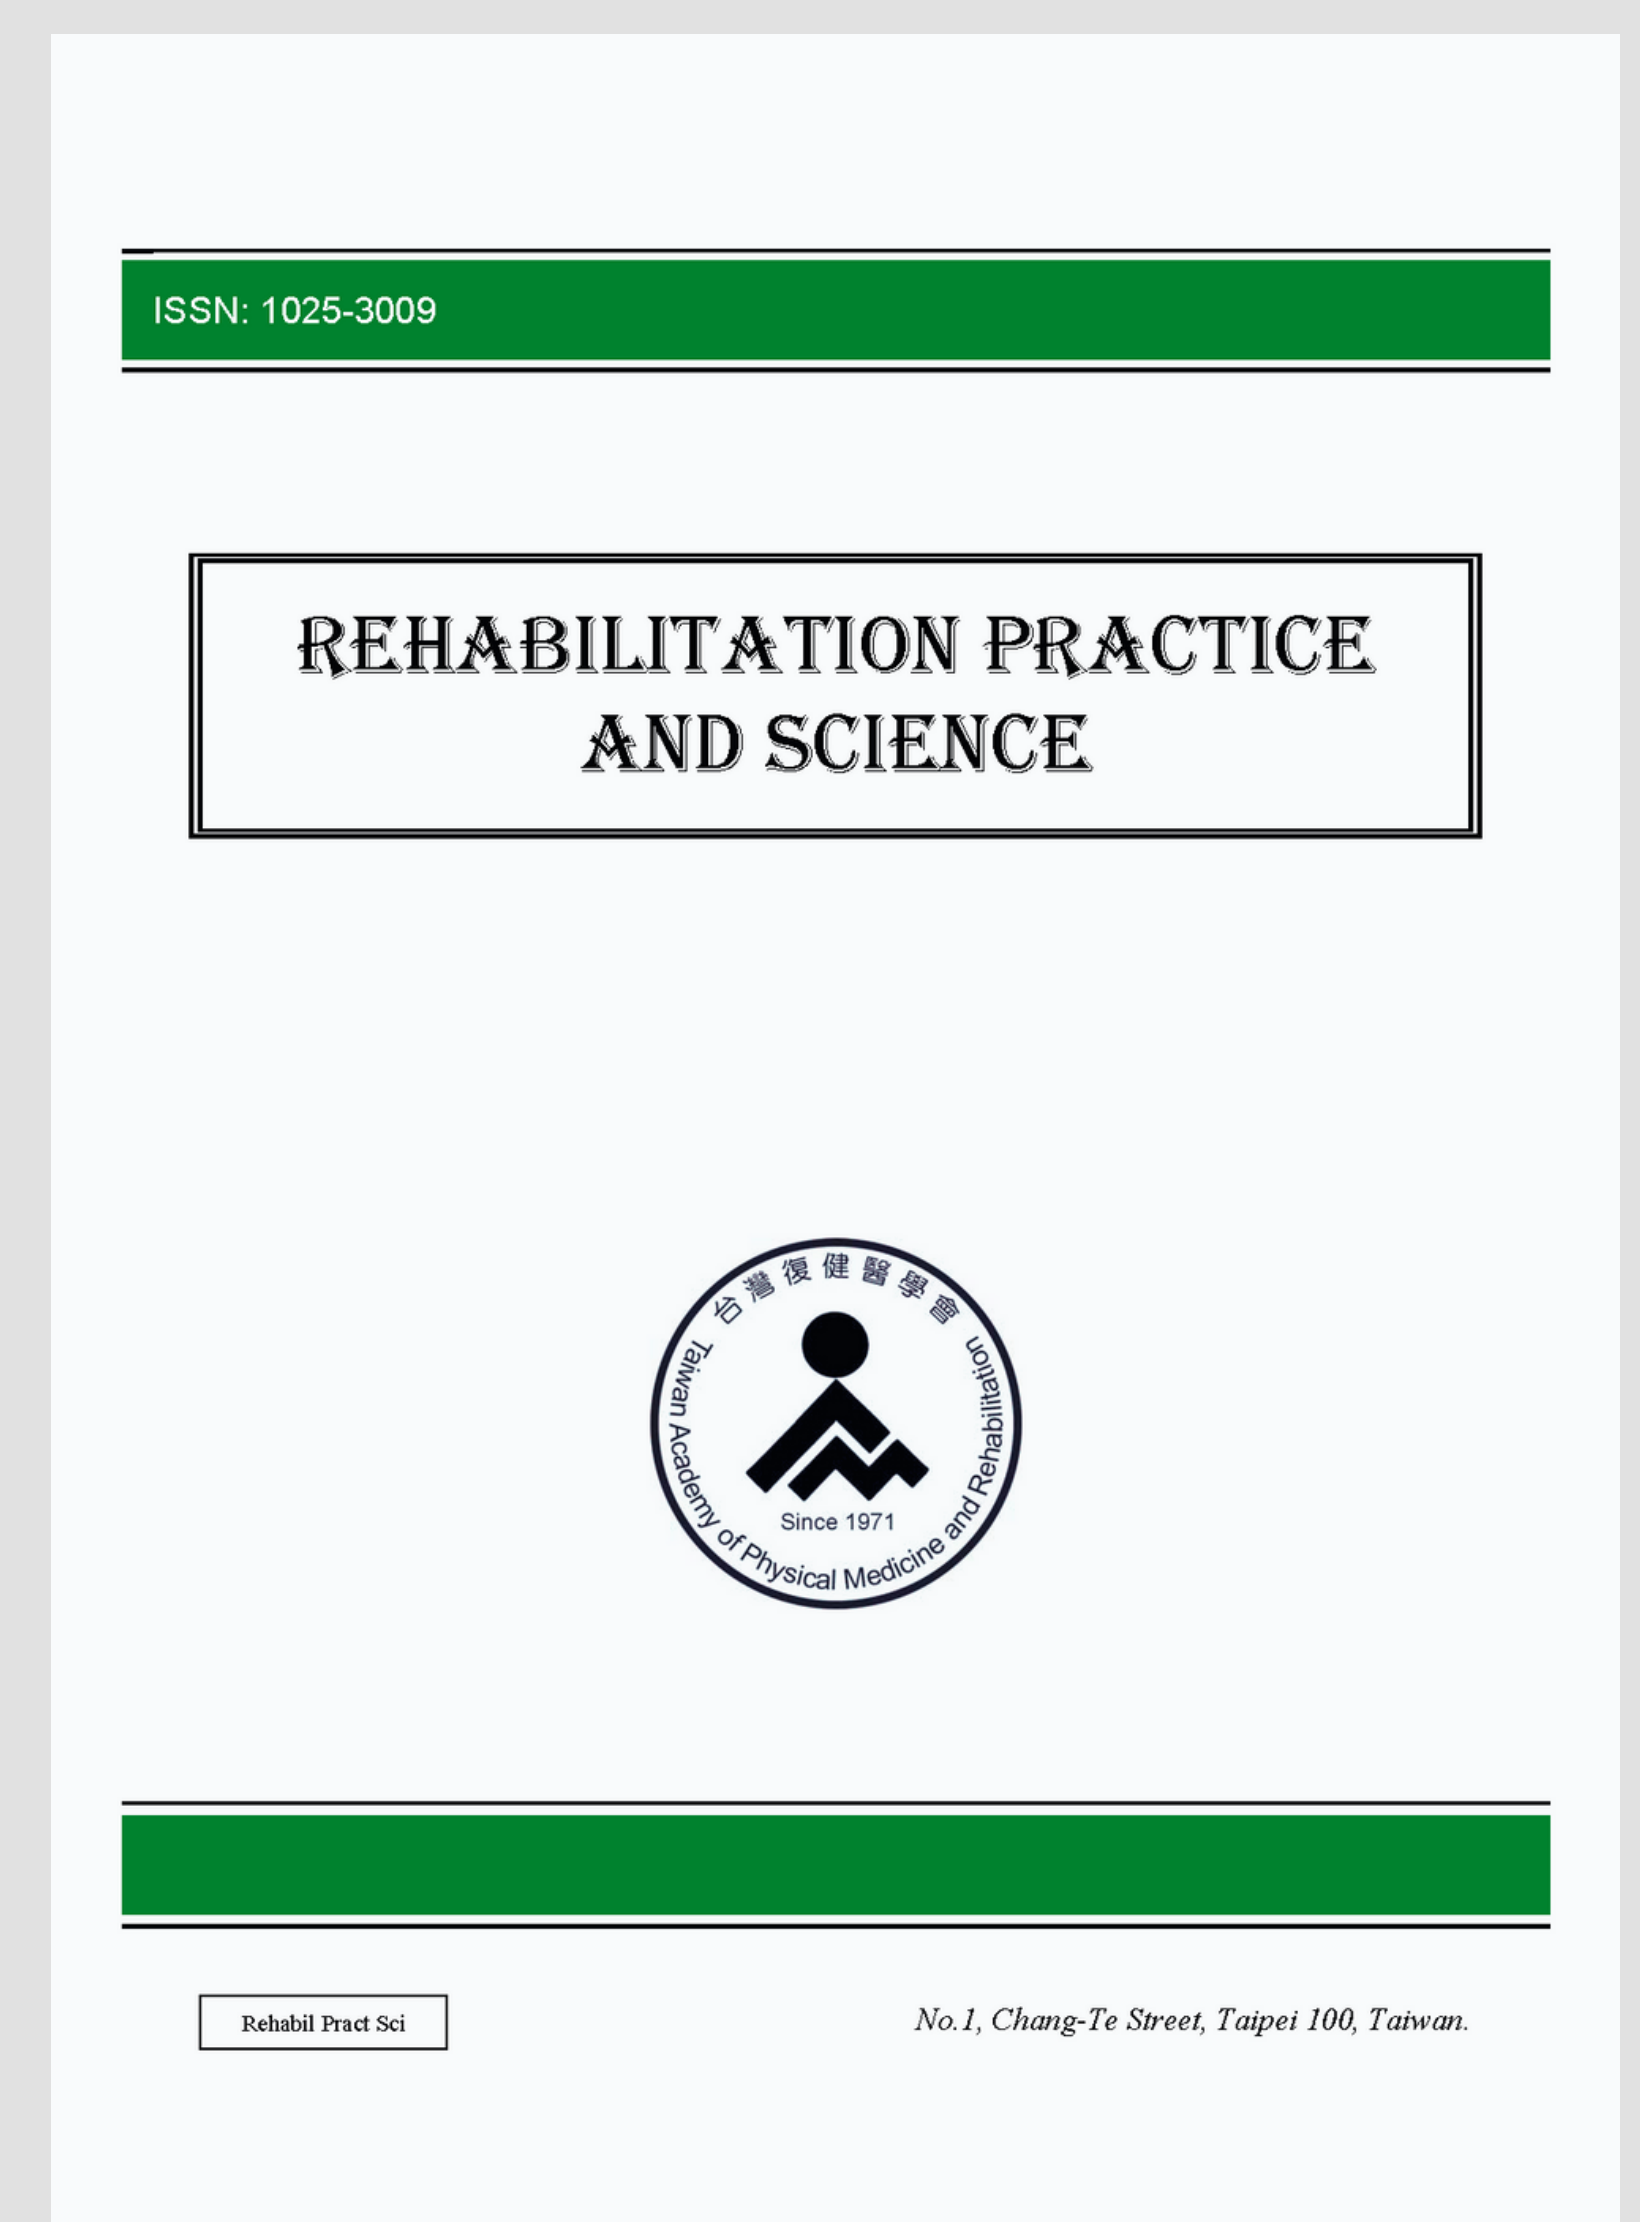

Topics of Interest

- Prevention, education, and treatment in rehabilitation medicine.
- Clinical diagnosis and intervention, including sonography and electrodiagnosis.
- Application of technology, including tele-rehabilitation and assisted technology.
- Rehabilitation healthcare delivery systems and policy.
- Public health and epidemiology.
- Ethics and social issues.

Join Our Reviewer Community

- Shape the future of research by becoming an RPS reviewer.
- Help maintain the journal's high standards and promote cutting-edge research.
